

## REMARKS

The Notice of Allowability recites the Title as "Load Support Assembly and Method of Using Game." In keeping with the Amendment dated February 14, 2006, the Title is herein amended to read "Load Support Assembly and Method of Using Same."

The Notice of Allowability does not acknowledge that a claim is made for foreign priority under 35 U.S.C. § 119(a)-(d) or (f) and that certified copies of the priority documents have been received. It is noted, however, that the attached photocopies of a printout from PAIR confirms receipt of foreign priority papers filed February 12, 2004, and the partial photocopy of an Office communication mailed October 13, 2004, acknowledges that a claim is made for foreign priority and that certified copies of the priority documents have been received.

The Examiner is encouraged to contact the undersigned directly if any questions remain regarding this application.

Respectfully submitted,

CHRISTENSEN O'CONNOR

I, the undersigned, being an officer duly authorised in accordance with Section 74(1) and (4) of the Deregulation & Contracting Out Act 1994, to sign and issue certificates on behalf of the Comptroller-General, hereby certify that annexed hereto is a true copy of the documents as originally filed in connection with the patent application identified therein.

In accordance with the Patents (Companies Re-registration) Rules 1982, if a company named in this certificate and any accompanying documents has re-registered under the Companies Act 1980 with the same name as that with which it was registered immediately before re-registration save for the substitution as, or inclusion as, the last part of the name of the words "public limited company" or their equivalents in Welsh, references to the name of the company in this certificate and any accompanying documents shall be treated as references to the name with which it is so re-registered.
